

"I need a certificate of completion"

After you have completed the course modules, look for a link "I need a certificate of completion" at the bottom of the course page. Click the link to be directed to your post-test. You must score a minimum of 70% on this test in order to receive the certificate. After you have submitted the test, you will be provided with the option to download your certificate of completion. A course self-reflection is provided as well to assist with the application of learning to clinical practice. Please also complete the course evaluation, as we value your feedback!
